

Desk Connect

For iDrive

Plan how much you want to sit and stand and get personal coaching with reminders for a healthier work day. No need to set your personal preferences every time you change desks. Setting your preferences make every desk "your own"!

Benefits

- Motivates sit and stand with reminders to change position
- Makes every desk "your desk" with personalized settings
- Promotes activity based/free seating work spaces
- Get statistics for sit, stand, position changes and calories burned
- Easy to install, up and running within minutes
- Easy to mount with magnets, no tools needed

* Requires free desktop application, for more info, see RIO Wellness

* Integrates with RIO Companion
