## Superb Spring-Assisted Monitor Arms

**Tension Reference Indicator** makes installing several of the same monitors easy to adjust the arms to match

**Balance Adjustment** convenient access to balance the monitor and arm for perfect movement

**Quick-Release VESA Plate** allows for effortless installation and removal

### Unique Side-by-Side Design

can be swivelled for a space-saving, nearly seamless position

### Convenient Rotation Stop

- selectable 180°/360°movement to avoid hitting walls or partitions
- well-positioned plate - no afraid to missing it!

### Innovative Easy Clamp

less knob turns! The simple push up and rotate design delivers a quick installation experience. Check it out!

### Quick-Release Joint

assembles in minutes while reducing packaging size
